

SKZ106A Paper Thickness Tester

Introduce:

The tester is applying to test the thickness of paper and cardboard.

Standard:

ISO 534:2005: Paper and board -Determination of thickness, density and specific volume

ISO 438:1980. Paper -- Determination of bulking thickness and apparent density

GB/T451.3: paper and board-Determination of thickness

Technical characters:

- 1, Measure range: 0-6mm,
2. indicator display range: 0-12.7mm
- 3, Accuracy: 0.001mm or 0.01mm (paper board)
- 4, Measuring area: 200mm²
- 5, Pressure: 100 Kpa,
- 6, Value error: $\pm 2.5\mu\text{m}$ or $\pm 0.5\%$
- 7, Dimension: 80x120x120 (mm)
- 8, Weight: 5kg
