

## SKZ112B Paper core Crush Tester

Crush Tester is used for Paper Tube Compress Test.

### Standards:

ISO 3070, ISO 7263, ISO 3035-2011

### Characters:

1. Microprocessor control, automatically carry the test according to testing requests.
2. Protect press sensor through the protection switch for over- loading.
3. Analyzing the group of testing data and to show the maximum, minimum, average,
4. standard deviation and coefficient of variation by LCD, print out the data.

### Technical parameter:

1. Press measuring range: 50-5000N,
2. Resolution: 0.1N.
3. Accuracy:  $\pm 1\%$
4. Speed: 0~100mm/min
5. Platen distance from top to bottom: 0-300m (customized for special dimension)
6. Working size: 300mm\*300mm
7. Printer: mini-type printer
8. Power : AC220V 50Hz 1A
9. Working condition: Temperature 0-40°C, relative humidity <85%
10. Dimension: LxHxW=570 x 480 x 800mm
11. Weight: 85kgs
