

SKZ158 Perspiration Color Fastness Tester

Applicable Range

Used for testing the color fastness to perspiration of all textiles and the performance of the color fastness to water, sea water and saliva of all be painted and colored textiles.

Relevant Standards

Sweat-resistance: GB/T3922 AATCC15 ISO105

Seawater-resistance :GB/T5714 AATAA107 ISO105

Shimizu-resistance: GB/T5713 AATCC106 ISO105

Technical parameters

1.Movement weight:45N±1%;attach weight 5N±1%

2.Laminated board size:115×60×1.5mm

3.Intensity of pressure:GB:12.5kpa, AATCC:12kpa

4.External dimension:240×100×160mm

5.Weight:12kg

Instrument configuration

Host:	1unit
Weight hammer 50N:	1pc
Infusion box:	20pcs
Sample board	40pcs
