

## SKZ111B-3 Crusher Grain Moisture Meter

The meter shows the grain and seeds moisture content after crushing, which can increase the test accuracy. It can also measure the moisture content of powder with capacity 9ml. Measurement is based on the principal of Direct current voltage (Resistive).

### Standards:

Grain ISO 712, Oil seeds ISO 665, Corn ISO 6540.

Method to sample the grain is based on ISO 950 standard and handling the samples follow ISO 7700/1 and ISO 7700/2

### Feature:

1. Measure and get average moisture value of 25 kinds of grains/seeds in the list
2. Grain name directly reading, quite Intelligent and easy to operate
3. Calculate the moisture content within 10 seconds Automatically
4. Stored total 10pcs data in memory
4. Allows to make a +/- adjustment to the measurement for all readings of a grain to be consistent with the grain dealers requirement, total can be +/- 40%.
5. Power will switch off automatically in 30 seconds
6. Backlight display contrast is adjustable
7. Low battery alarm
8. Temperature measure unit can be Converted between °C and °F
9. Multi-languages: To accommodate the use of localization, we provide 6 languages:  
UK(English), PL(Polish), ES(Spanish), RO(Romanian), RU(Russian), UA(Ukrainian)

### Specification:

|                            |                        |
|----------------------------|------------------------|
| Moisture measurement range | Grain and seeds 8%-45% |
|                            | Cereal grains: 9%-37%  |
|                            | Oil seeds 5%-28%       |
| Measure accuracy           | 2%                     |

### SKZ Industrial Co., Limited

D-11, No.9 Lanxiang road, Tianqiao District, Jinan, Shandong province, China.

|                         |   |
|-------------------------|---|
| Cap capacity            | 9ml   |
| Battery                 | 9V battery  |
| List of Material        | Rapeseed, Wheat, Spring Barley, Field bean, Corn, Winter Barley, White Oats, Buckwheat, Black Oats, Hard Wheat, Lupin, Rice paddy, Sorghum, Soybean, Sunflower, Corn(High), Sesame, Cotton seed, Cotton hectometre, Canola, Peanuts, Watermelon seed, Coffee beans, Radish seeds, Cocoa |
| Net weight              | 0.83g (without battery)   |
| Package size and weight | 24*17*13cm, 1KG   |
